Options Notifications

The options below give you an opportunity to simplify the process of your obligation to have your mooring inspected annually.

On the bottom section of the Tackle Inspection Confirmation Form there are two options to choose from. Select the option most beneficial to you as a Mooring Permit Holder by ticking the appropriate box.

You will need to select **one only** of these options when returning the Tackle Inspection Confirmation Form.

Option 1

By nominating your preferred contractor on the Tackle Inspection Confirmation Form Parks Victoria can accept that you intend to use this preferred contractor to inspect your mooring on an annual basis.

Parks Victoria will contact your nominated contractor annually on your behalf to ensure that your tackle is inspected as close as possible to the expiry date. Although Parks Victoria will contact the contractor all costs associated with the tackle inspection will be charged to you the Mooring Permit Holder.

You will no longer be notified by Parks Victoria on an annual basis to make the necessary arrangements to have the mooring inspected and will no longer need to return an annual Tackle Inspection Confirmation Form each year.

Please note: It is at all times the responsibility of the Mooring Permit Holder to ensure that the inspection is carried out on an annual basis and that the completed mooring report is issued to Parks Victoria within 30 days of the inspection date.

Option 2

There will be no changes to the current process.

You will be notified prior to the expiry of your tackle inspection and you will need to continue to make the necessary arrangements to engage the services of a preferred contractor to do the annual inspection.

You will need to return the Tackle Inspection Confirmation Form annually on request from Parks Victoria.

If selecting Option 1, please note it will be your obligation as the Permit holder to notify your local Parks Victoria Office if, for any circumstance, you need to change your preferred contactor. A new Tackle Inspection Confirmation Form will then need to be completed and returned notifying Parks Victoria of your changes.
